

OPTI-COM® MULTI-DUCT & MICRO-COM® MICRO-DUCT

SPECIALTY CONDUIT SYSTEMS

FOR FASTER, SMARTER INSTALLATIONS

BABA COMPLIANT
UL LISTED PVC & HDPE
MADE IN LOUISIANA SINCE 1985

OPTI-COM® MULTI-DUCT

Multiple fiber pathways inside a single, protected conduit

Opti-Com houses several factory-installed inner ducts inside one outer casing, so a single run carries multiple fiber pathways.

For engineers specifying bridge crossings and DOT corridor work, the Opti-Com Multi-Duct system will do it all.

Available in PVC, fiberglass, and steel outer ducts

Fewer pulls and manholes

Superior durability

Designed for clean fiber installation

MICRO-COM® MICRO-DUCT

High-density pathways for fast fiber pulls

Micro-Com packs multiple small-diameter pathways into a tight, organized bundle built for fiber-to-the-home and last-mile work.

For contractors in the field, it means cleaner installs and faster pulls where every inch of duct space counts.

Available on reels

Customized configurations

Condensed diameter for boring

Available with Tracer Wire and Prelube Options

Multiple configurations engineered to your build

MADE TO SPEC. BUILT TO LAST.

40+ YEARS

OF MANUFACTURING CONDUIT

For more than 40 years, OMNI has manufactured specialty conduit systems for the most complex fiber and infrastructure builds in the country. We've been making Multi-Duct conduit since the early days of fiber, and we're one of the few US manufacturers continuing to innovate to bring better solutions to market today.

QUALITY YOU CAN TRUST

RELIABILITY YOU CAN DEPEND ON

EASY TO REACH, EASY TO WORK WITH

ONE SOURCE FOR THE WHOLE PROJECT

EXPEDITED PRODUCTION TIMELINES
AVAILABLE ON REQUEST

SAME OMNI, NEW & IMPROVED CAPABILITIES

As we enter our fifth decade, the same team you've worked with for years is now backed by new investment, new leadership, and a renewed commitment to the customers who built this industry. The people you have on speed dial are still here, ready to make sure your order ships complete.

ONE SOURCE FOR THE WHOLE JOB

OMNI is your one-stop shop for standard PVC and HDPE, Opti-Com® Multi-Duct and Micro-Com® Micro-Duct, and conduit accessories, all manufactured under one roof.

YOUR **ONE-STOP** SHOP

You need a lot of product to complete the job. With OMNI, you get it all under one roof from a manufacturer that answers the phone, hits the timeline, and stands behind every foot of pipe that leaves the plant.

If a standard system doesn't fit, we'll engineer one that does.
